

## **Cardiogenesis Corp.**

Cardiogenesis Corp. is a medical device company specializing in the treatment of cardiovascular disease and is a leader in devices that stimulate cardiac angiogenesis. The company's market leading Holmium:YAG laser system and disposable fiber-optic accessories are used to perform a FDA-cleared surgical procedure known as Transmyocardial Revascularization (TMR) to treat patients suffering from angina. Surgical products and accessories for the Cardiogenesis TMR procedure, which are marketed in the U.S. and around the world, have been shown to reduce angina and improve the quality of life in patients with coronary artery disease.
